History of SAGSC Science Club

- Founded in 2010, the SAGC Science Club set out with a mission to foster curiosity, creativity, and innovation among young science enthusiasts.
- In 2015, the club proudly stepped onto the national stage, arranging programs that opened new horizons for students.
- Over time, the interaction between eager students and dedicated teachers has shaped the club into a true hub of knowledge and discovery.
- The club has successfully organized 4 National and 3 Internal Science Festivals, creating platforms for learning, sharing, and innovation.
- Today, the SAGSC Science Club stands as one of the most established and successful student organizations of Shaheed Bir Uttam Lt. Anwar Girls' School and College.

OUR MISSION

To nurture scientific curiosity among students through interactive activities and hands-on learning.

To encourage innovation and creativity by providing a platform for young minds to explore new ideas.

To build confidence and leadership in students by engaging them in science-based projects and events.

To connect classroom knowledge with real-life applications, making science more exciting and meaningful.

WE ARE HONORED TO BE GUIDED AND INSPIRED BY OUR RESPECTED PRINCIPAL

Message of Moderator

Science is all about curiosity and teamwork.
I’m proud to see our club turning ideas into action whether it’s organizing events, designing posters, or simply sharing discoveries.
May every experiment you try and every conversation you spark keep your love for learning alive.
Let’s continue to support one another and show how creative, determined, and brilliant this team can be.
