Welcome to SAGSC Taekwondo Club

SAGC Taekwondo Club — Vision

"Help to build a more peaceful world."

Taekwondo was first introduced at SAGSC in 2014, and officially launched as a club in **2020**. Since then, we have been committed to building confident, disciplined individuals ready to face life's challenges.

We focus on:

- **Women's self-defence** — equipping girls to protect themselves from harassment and assault
- **Competitive excellence** — representing in tournaments with medals and certifications
- **Global opportunities** — providing pathways to international scholarships and competitions

We don't just train athletes — we build peacemakers.
